

## **Hopkins Pavilion Arena Customers**

*Dear Hopkins Pavilion partners and customers, due to our concern for your safety during COVID-19, we are implementing the following:*

### **What WE are doing to keep you safe:**

- *Staff members are required to submit body temperature readings and submit to a health check screening before starting each shift.*
- *We have added multiple hand sanitizer stations that are clearly marked and near common entrance and exit areas.*
- *All bathrooms, doors, and other common areas are being disinfected every hour on the hour.*
- *Locker rooms are being disinfected after each use.*
- *We are scheduling 10 minutes between arena times. There will be 10 minutes of unused time between each group. NO ONE will be allowed on the arena floor until the next scheduled group time starts.*

### **What YOU need to do to keep everyone safe:**

- *Participants should show up to the Pavilion no earlier than 10 minutes before arena time starts.*
- *Participants should arrive to the arena with a majority of their gear on to limit the amount of time spent in the locker room together. When possible multiple locker rooms may be assigned to assist in maintaining social distancing. Please adhere to the posted locker room capacities and use alternate areas to dress/undress if locker rooms are at capacity.*
- *Sport Activities: No more than 20 participants and coaches are allowed on the arena surface. While on the arena surface participants will be divided into groups of 10 or less and use separate areas of the arena surface.*
- *Non Sport Activities: Need to get approval for the activity*
- *Participants should be out of the locker rooms no more than 10 minutes after their ice time is done.*
- *Participants should be dropped off and picked up. If participants are younger in age, only ONE spectator/chaperone to be present.*
- *It is the responsibility of coaches and athletes to adhere to the social distancing guidelines.*
- *If there are policies and procedures that a group is implementing due to COVID 19, please send them to us so we can answer any questions that arise.*
- *Follow any additional Minnesota Department of Health Guidelines that relate to sport activities.*
